At the beginning of the school year the Annual Staff came together and was immediately assaulted with things they had never heard of much less used. Such things as dummy sheets, croppers, copy sheets and copy guides, whether to use 18 point or 14, reverse the copy or overprint it. But through the entire year they kept with it and mastered these many techniques well enough to produce this book.

Countless hours of given up free-time produced this book. We thank the Staff for their dedication in making this book what it is, a keepsake of the past for the future.

We hope that our Senior Year has been successfully portrayed in these pages since it has certainly been a good year with thousands of pleasant m[illegible]es. So enjoy and appreciate it, especially in the years to come!
